## Speaking in Different Languages

Read together Acts 2 v 4 - 12

The disciples spoke in other languages so everyone could understand them and to tell them that God loves them.

The Bible says there were people from at least 16 different countries there and they all heard the message in their own languages.

*Can you find the words 'Jesus loves you' in different languages?*

*How many can you find?*

*Write them out and hang them from your mobile or washing line.*
